A. Appendices

Secretary Luebke noted the lack of a quorum due to a combination of planned and unanticipated absences of Commission members. He suggested deferring consideration of the administrative items and appendices while the staff considers the best procedure and continuing with review of the cases listed on the agenda. He said the next meetings are scheduled for 19 January, 16 February, and 16 March 2023, as previously published, with no meeting scheduled in December. (See end of meeting for consideration of the appendices.)

At this point, the Commission departed from the order of the agenda to consider items II.D.1 and II.D.2. Secretary Luebke said that the Commission members had identified these submissions as ones that could be approved without presentations.
